

RNA Horizons 2024
Therapeutics Symposium
Unlocking the RNA's Potential in Medicine

September 25-27, 2024
Alfandega Congress Centre, Porto, Portugal

Katharina Höfer

Short Bio

Katharina Höfer is a Fellow of the LOEWE Center for Synthetic Microbiology (SYNMIKRO) and affiliated Max Planck Research Group Leader at the Max Planck Institute for Terrestrial Microbiology in Marburg, Germany. She is an associated faculty Member of the Chemistry Faculty, University Marburg and vice-spokesperson of a DFG-funded Research Training Group 2937. She is a biotechnologist well known for her pioneering discovery and functional characterization of NAD-capped RNAs in bacteria and bacteriophages.
